---	-------------

Commented [HCPVCI]: I looked over the changes and they mostly look good. Couple things at the bottom including the Organizations in the Volunteer Section. Big thing is that the additions have pushed the resume to a 2nd page. We have already reduced the margins to about as small as I would recommend. Only option from what I can tell will be to lose 2 lines of content somewhere on the resume. What are your thoughts?

Master of Science in Executive Leadership, Georgetown University – Washington D.C. 2022
Bachelor of Science in Aerospace & Aeronautical Science Engineering, Tuskegee University – Tuskegee, AL 2007
